COMMENT

The vital statistics show changes from the previous year. There is a drop of two hundred in population. Births are down by eight and deaths are up by fifteen. Diseases of the heart and blood vessels are responsible for sixteen of the thirty seven deaths.

Improvement of property, private and public, interior and exterior, has been greatly extended with the result of better appearance and higher living standards.

A vast new sewage system is projected. The reorganisation of Local Government is not far away and it is hoped that this will lead to increased health and welfare of the people of this area.

I am grateful to the Public Health Inspector for his help in preparing this report and I should like to thank the Chairman and Councillors for their continuing support and interest.

SECTION C

## WATER SUPPLIES

Following instructions in Ministry of Health Circular 1/70

## SEWERS AND SEWAGE DISPOSAL

The scheme outlined for extending the Alston sewage works and sewer pipes referred to in the past two annual reports is scheduled to commence early in 1973. In addition, arrangements have been made for the pumps at the Alston and Nenthead works to be completely overhauled and the petrol driven engines replaced by electrical motors.

REGISTER COMMON LODGING HOUSES

There are none in the area.

## PUBLIC CLEANSING

As indicated in last year's report, the paper sack collection has been converted to plastic sacks and is operating successfully. It is hoped to extend the system to the whole district, subject to the price of sacks not rising excessively.

Two bedroom flats .. .. .. ..	Nil
Three bedroom houses .. .. .. ..	Nil

Following last years report it can be stated that progress is being made with regard to the preparation of the scheme for further Council housing at The Firs Estate and progress has been made in negotiating a suitable tender with a Contractor for the carrying out of the General Improvement Area on The Firs Estate and work was commenced on two houses as a Pilot Scheme.

Four dwellings were completed in the year in the private sector, but the demand for privately owned homes exists, but the obtaining of suitable sites is the main obstacle.

The Housing Act, 1971 has had the effect of raising the number of applications for Improvement Grants in the year from 10 in 1970 to 30 in 1971 to 58 in 1972.

Again attention is drawn to the condition of milk bottles. The public are largely to blame as often there are long delays before the empty bottles are returned to the dairyman. Also care on all sides should be taken to prevent the chipping of the necks of bottles and chipped bottles should NOT be used.
